PROFESSIONAL EXPERIENCE

Jr. Software Developer – Digisquares | April – Sep 2025 Saravanampatti, Coimbatore

- Worked closely with senior developers to implement assigned tasks and features within ongoing projects.
- Contributed to the development of a Low-Code Platform using React.js, Node.js, Express, and MySQL.
- Gained hands-on experience in REST API integration, frontend development, and MySQL database operations.
- Assisted in resolving code errors to ensure smooth project execution.

Internship – Digisquares | Feb – April 2025 Saravanampatti, Coimbatore

- Collaborated with the company's development team on building a Low Code Platform aimed at simplifying application development.
- Developed a User Role Assignment module using React, Node.js, and Express.js, enabling secure and scalable user access control across the platform.
- Implemented RESTful APIs and integrated frontend-backend functionality to manage roles, permissions, and user assignments efficiently.
